SATURDAY MORNING, JANUARY 21, 1865

Something Reasonable.

Since the election nearly all the Democratic papers in the Union have continued their tactics, misrepresenting the policy of the Administration, that characterized the conduct of so many before the election. Such papers as the *National Intelligencer* and Louisville *Journal*, while not agreeing with President Lincoln now advocate the plan of aiding cordially in supporting the war measures of the President and express their hope and belief that he will in the present crisis pursue a course that they can consistently approve and assist. The fact is that President Lincoln stands to-day before the people ready and willing to concede much to secure unity and peace. He is in no respect the exponent of the old time radical Abolition views of the country. While he is decidedly anti-slavery and always was so he has never waged war against the institution, save as slavery rising in arms against the Nation, had to be destroyed that the Union might be saved. He has always been true to his own assertion, that he would save the Union with slavery if he could, or save the Union at the expense of slavery if it became necessary.

As a war measure slavery has been attacked, and when its doom is sealed past recovery, it is at least worth while that the press and the people shall cease more factious opposition, and forgetting all distinctions of a partisan nature, unite in the effort—the only one left with honor—to effect peace by subduing rebellion. Such may not care less for party principles, but by such abnegation they may show that they love their country more than party. Every man that believes the rebellion should be subdued, owes it to himself and his country to assist in the efficient prosecution of the war. It is only those who openly sympathize with treason and wish it success, that can be expected to hold off, or look idly on, and by their opposition or indifference aid an enemy who is so desperate. There is not a man capable of reason but must confess that this war is now being prosecuted with a vigor unknown in the history of nations.

Success follows success, and as sure as Savannah, New Orleans, Vicksburg and Atlanta have fallen—as sure as Wilmington is falling—just so sure Charleston, Mobile and Richmond must meet the same doom. We know this—that the Southern people commence, for the first time, to develop a Union sentiment at home; that the war, on the part of the South, lags; that their councils are no longer harmonious, nor their armies victorious; and let the people but unite for one effort, irrespective of old party ties, and the work is done and the Union saved. It would be too much to expect that the Democratic papers of this State will cease the unfortunate habit they have of misrepresenting everything the Administration attempts, and of supplying their readers with arguments that are fallacious, and statements that were never facts. The people are not necessarily base because their organs are false, and we appeal to the right minded Democrats to appreciate the conduct of leading opposition journals elsewhere [illegible] sometimes is opposite as light and darkness.

The probabilities are that before long Democratic capital will all have vanished into thin air. The war ended, and slavery destroyed, pray what can they urge against Lincoln? There will be no more use of even thinking of slavery, much as they may grieve after it and a party must have some other ideas to build success upon than fault finding against those who have preserved the Union when threatened, or by lamenting the fate of slavery, when civilization considers the accomplishment of its overthrow to be desired as the greatest achievement of the age. Let the Democratic party make haste to adopt some principles that will answer in an emergency, and have the effect to gloss over its faults and failures. Its record has not the ring and tone to be attractive in the years that are coming; the continued howling about "abolition," and the word "black republican," have so little power and effect that to-day the negro that does picket duty for our lines, commands more respect, and deserves more than does the Northern man who clamors for peace, when revolution threatens the State.

BOISE AND OWYHEE.—We have received the *Idaho Statesman* of Dec. 27th and 29th. It contains little of interest.

Wood was selling at $7 and $9 per cord.

Christmas was observed in a manner becoming a Christian community. Not even a dog fight occurred. Family gatherings and social parties were the order of the day.

The people of Ruby City and Booneville are breaking a road for sleighs over the mountains. Several hundred pounds of bullion are waiting for transportation. The last mail and express was carried 12 miles on a man's back.

Correspondents in the *Statesman* are arguing the question of "Greenbacks for taxes."

Boise City has been chartered. Under the new revenue act hurdy gurdy houses are taxed four dollars per day.

At Boise City on the 28th, the thermometer was at 15° above zero, and the snow in the valley had nearly disappeared.

Balls were the rage at Idaho and Boise cities.

At Idaho City, the Masonic Lodge elected and installed the following officers: H. Allen, W. M.; J. A. Pinney, S. W.; J. H. Garrish, J. W.; J. J. Atkins, Treasurer; C. D. Sayres, Secretary; J. H. Wickersham, S. D.; I. Webster, J. D.; A. P. Turner, Tyler; S. J. Brown and J. B. Friend, Stewards. After the installation a neat address was delivered by Mr. Benedict on the object and workings of Masonry. A grand ball was given in the evening at the Magnolia Hotel at which about one hundred and sixty couples were present.

The roof of the Magnolia Hotel was crushed in by snow on the night of Dec. 2 th.

The Ruby City correspondent of the *Statesman* says they had had fearful weather there for two weeks. Snow was six feet deep on a level, and still falling. Several instances of frozen feet are reported. Sinker Creek mill is laid up, but Hagus & Moor's mill is likely to keep at work all winter. They are hauling the quartz to the mill on sledges from the Oro Fino discovery claims. A small crushing of Wm. Eagle lode yielded $2 per ton. The last Oro Fino crushing the same correspondent says averaged $ per ton. The Morning Star shaft is 115 feet deep and they have commenced drifting both ways on the ledge.

Letter from Olympia.

OLYMPIA, W. T., Jan. 17, 1865.

EDITOR OREGONIAN:

Since the meeting of the Legislature in this place I have occasionally attempted to give you some items in relation to the proceedings of that body—noticing only those matters which I deemed of most general interest. The mere mention of the introduction of a bill, is by no means a sure evidence that it will become a law. I therefore warn those of your readers who may hear of the introduction of a pet measure, not to let their hopes run so high lest they be sadly disappointed. Many bills again in the House and might [illegible] in the Council [illegible] others [illegible] been altered, amended and [illegible] tied. As Artemus Ward says, there is a great deal of human nature in all men, and there is in this Legislature, and while *stealing* is practised in war it is also practised in legislation—only legitimate in one case it is dishonorable and nearly always connected with rascality in the other.

Some ten days since was the time fixed upon by resolution for receiving no more new bills, but it continues to come in with the [illegible] strategic movement. It is done in this wise: A bill lying on the table which is considered of little importance is called up and a motion made to amend by striking out all after the enacting clause and inserting the new bill, and after its final passage the title is amended to suit. In this way business is kept along, and now the time for adjournment appears as far off as it did a week since.

Much of the session has been occupied upon private measures. Numerous charters for ferries, bridges, railroads &c have been granted. A few Democratic monopolies of a huge and villainous character have been attempted to be thrust upon the people of the Territory but the interposition of the Governor's veto settled all but one—which the Democrats succeeded in passing over the veto by wheedling two or three Union men—who had axes to grind—into their support. The Skagit river log driving monopoly bill and the Pilot bill—gotten up for the benefit of some men at Port Townsend—have been returned with the Governor's objections, and could not pass over the veto, notwithstanding the odium attempted to be raised by the Democrats against the "one horse power," as they style it.

The Democrats have had everything pretty much their own way up to within a few days but dissensions have arisen in their ranks and the House is now divided against itself, and Democracy must fall.

Three members of the Council: Messrs. Cochran, Johns and Mercer have gone home, leaving the Council with a bare quorum—four Democrats to one Union.

His Excellency Gov. Pickering sailed yesterday for Victoria, on his way to Washington City. His departure was quite unexpected. He may have gone to look after Dr. Henry.

I will await the mention of bills now pending until their passage. Hastily yours, * *

Letter from La Grande.

LA GRANDE, Jan. 11th, 1865.

EDITOR OREGONIAN:

Last evening was a gay and festive one to "Old Abe's" friends and supporters, who made our mountains echo with the reverberations of the discharges of artillery and illuminated our town with bonfires, in honor of Gen. Sherman's Christmas present—Savannah and its perquisites—to our President, the late enlisted soldiers of Capt. Ingraham doing the firing. Since my last to you the Hays boys are improving and although their wounds were of a very bad nature, under the treatment of Drs. Payton and Stockton I think they will recover.

Some four days ago a party went out from Uniontown to hunt mountain sheep, and as they were ascending the mountain one of the party by the name of Charles Kimball slipped and fell discharging his rifle, the ball entering below the hip and coming out under the shoulder blade. Whether mortally wounded or not I did not learn.

The Walla Walla Stage Co. are now running their line through our town, and their splendid coaches and fine stock are very much admired, to say nothing of their gentlemanly and obliging drivers. D. F. K.

CRUDE PETROLEUM.—Recently some seventy cans of petroleum, in a crude state, were shipped to San Francisco from Stockton. This is said to be the first shipment from an oil well, lately discovered near Buena Vista Lake, Tulare county. E. Benoist, of San Francisco left San Francisco on the 20th of last November having been employed to examine the springs. In his report which is published in the *Mariposa Gazette*, he says:

Having visited several places on this coast, where oil has been reported as discovered, I became convinced from general indications that at last I had found the spot that would surpass all previous prospects and I beg leave to assure you that I have the fullest confidence in being able to demonstrate that the wells are unsurpassed by anything yet discovered on this coast, and by development will equal, if not exceed, in quantity and quality the famous wells of Pennsylvania. He feels assured from the easy flow of the springs at a depth of fifty feet a sufficient number of wells could be made at that depth to produce fifty thousand gallons per day at a small expense. The engineer states that he has one hundred gallons of crude oil in transitu and, on his return to San Francisco will make samples for inspection by any parties who wish to satisfy themselves in regard to its quality.

COIN FOR TAXES.—Mr. John S. Love, one of the County Commissioners of Jackson county, has recently deposited with the Treasurer of the State the taxes of Jackson county for 1863 and 1864. That county has taken advantage of the law passed last session granting ninety days for the counties who had offered greenbacks to make them equivalent to gold, and Jackson county has now about $10,000 legal tenders and $3,000 in gold deposited to her credit on account of her taxes due the State for those two years.

MISSION FOR WHICH THE DIGGERS DESERVE CREDIT.—Writing from Fort Ruston, December 16th, a correspondent of a Nevada paper furnishes the following:

Not long since Lieut. Beckwith, in company with a friendly Indian, discovered a fine gold headed sword, about ten miles from this place, which was presented to Lieut. Molony of the Regular Army, some years since, by members of his company. On the scabbard appears the following sentence: "To be drawn in defense of the Federal Union." The recipient of this present is now in the rebel army, but the Diggers didn't mean that he should carry his sword with him.

THE NEW ATTORNEY GENERAL.—The telegraph has announced to us that Col. John James Speed of Louisville, Ky., has been appointed Attorney General of the United States in the place of Hon. Edward Bates. Col. Speed is a gentleman of commanding ability, standing at the very head of the Kentucky bar both as advocate and counsel. In politics he is of the radical anti slavery stripe. He has been for many years the warm political and personal friend of Cassius M. Clay and stood gallantly by that unfaltering champion of freedom during the darkest days of the anti slavery cause in Kentucky. He was a member of the Western anti-slavery Convention held in Louisville on the 22d of February last. Morally he is one of the best of men. No better selection could have been made.

THE OWYHEE.—A Virginia City paper says: The Owyhee river—upon which new mines have lately been discovered—is an Idaho stream upwards of one hundred miles in Humboldt county and for near two hundred miles in this State. It rises in the northern corner of Nevada near the head of the Humboldt, running northwestward about one hundred miles then west and northwest, running its circular course to the northeast and running a distance of about four hundred miles it empties into the Snake river [illegible] of the Columbia a short distance above Fort Boise.

A Vicksburg paper says: "The residence of Mrs. Lucy Davis, a sister-in-law of Jeff Davis was most beautifully illuminated lately upon news of the election of Abraham Lincoln as President of the United States."

He who takes away people's liberty, takes a very great liberty.

DATES TO JANUARY 19.

Particulars of the Assault on Fort Fisher.

[illegible]

Col. Curtis was severely but not mortally wounded. Col. Bell died of his wounds on Monday morning. Col. Moore and Lieut. Col. Lyman were killed. Col. Packer and Lieut. Col. Baldwin were wounded. On Monday morning the magazine of Fort Fisher exploded, killing and wounding two or three hundred. After the capture of the fort all the troops were withdrawn except enough to hold it in charge of the works.

Gen. Hoke's division, reported 6000 strong, was at Wilmington. A portion was thrown into the Fort not long before the assault and when it was going on a demonstration was made by Hoke against our defensive line, but it was found too strong for anything more than a skirmish. About 11 o'clock Monday morning a heavy cloud of smoke was observed over Fort Smith, on the south side of New Inlet. The naval [illegible] at that station reported that the enemy had fired the barracks and evacuated it. [illegible] The armament of Fort Fisher was seventy-two guns. Some were of large calibre rifled and one Armstrong gun. The troops [illegible] for sixteen days. [illegible] ed was from four to five hundred. [illegible] had their wounds in the thigh. OLD TIMES—CUSTOMS REVIVING.—The barkentine *Jane A. Falkenburg*, Capt. James Frost, we learn by private telegram, will sail from San Francisco to-day for Portland, in ballast trim. This is the first event of the kind that has transpired since the infancy of California, the lively days of Oregon, from '50 to '55, when it was no uncommon thing to see a dozen clipper ships at anchor abreast of our city, or half that number taking in a cargo of Oregon lumber, called the "products" of our land at Milwaukie and other points. Now they are coming hence after the genuine products of our wealthy State, and the occasion should be made the incentive to move our agricultural population to decided action in cultivation to supply these demands. But one vessel the *Monitor*, Capt. Nelson, left our port in ballast during 1864, and it must be admitted that it is better for us to have inward voyages made in that manner than outward ones. The field is an open field for investments in Oregon at the present time, and capital cannot be wrongly applied, placed in whatever enterprise seems proper. Last year the bark *Cambridge*, Capt. Brooks, was the only packet employed between this port and Honolulu, and the difficulty experienced in procuring outward cargoes, very materially disaffected her usefulness. Notwithstanding this, however, a line to the Sandwich Islands has become permanently established; and this year another vessel will be added to it. It will be seen at a glance that this increasing commerce must be sustained properly by exports, and to lessen the expenses of inward bound vessels, by having ready cargoes for them to depart with, we must erect saw mills, manufactories, and turn over the soil. These things will emphatically revive the customs of former days.

"BASE IS THE SLAVE THAT PAYS."—We chanced not long since to overhear a colloquy in which the famous scene at the "Tavern in Eastcheap" was in part re-enacted, and the speech of the redoubtable *Corporal Nym*, in substance, re-spoken. A creditor and his debtor met. In the conversation that ensued, the former touched upon the sore subject of the latter's indebtedness to him. The debtor for a long time strove to shift and evade the matter, while the creditor became more and more importunate for his pay. Provoked at last by what he doubtless thought the persistent insolence of the demandant, the debtor assumed the indignant air of an injured man, and exclaimed: "Do you expect to get money out of a man by asking him for it? Do so? A man's a fool to trust another, and whoever pays, when he is'nt obliged to, is a good deal bigger fool than him!" Creditor stood amazed at this exhibition of wrath, and debtor pursued his way, fired with indignation because of the attempt to extort money from him.

THE RIGHT OWNER.—The fine freight "turn out" which we noticed yesterday morning, was the property of Mr. A. A. Carr, and not the New York and Idaho gold and silver mining company, as stated. It was one of several teams recently fitted out by Mr. Carr for the transportation of freight over the mountains from Umatilla. He has the contract for delivering the machinery and stores of the above company, amounting to about fifty tons, at South Boise. The mill, engines and boilers will be taken over the Blue Mountains on sleighs, if found necessary, made by Hay & Co., of this city, for that purpose. Dr. Farnham, the Superintendant of the Company mentioned, has been actively engaged in making preparations to forward the machinery, while it has been frozen in by the ice blockade, so that when it shall once start it goes through direct.

DEEDED TO THE CITY.—The 480 feet of water front lying between Jefferson and Clay streets, bounded west by Water street, has been deeded to the city for a nominal sum, sufficient to make the instrument legal, by General Coffin and his wife. It is a matter in which the city should be grateful, and it revives the lasting regrets of nearly every citizen, that every foot of levee could not have been similarly recorded, as was the original intention, before the view of our finest business street was shut out from the river by such shabby structures as now generally occupy it, making an appearance like the fag ends of destitution and filth. We pray that our eyes may be spared the infliction of such sights as our East Portland neighbors are compelled to look at, and trust they may never have their levee so monopolized.

A DRAYMAN ON THE RAMPAGE.—Coming down Front street yesterday forenoon it was our luck to witness another one of those unfortunate affairs which befall draymen on our streets so frequently. A one horse truck loaded with bed-steads, went into the depths of that hole fronting Sonnenberg's store, and the load tumbled in after it, some of the furniture completely "out of sight." The driver raved, and he tore, ripped and — ! but we dare not attempt to paraphrase his speech, any effort to render it more clear, or particularly expressed than to use his own language, would be simply absurd. Sufficient to say that it was not suiting a paradise, nor anything like paradise, and his feeling was undoubtedly that a similar application might be cited in reference to his condition, and that of his load.

THE UPPER COLUMBIA.—We learn from Messenger Cann, who arrived from the Dalles last evening, that there was every indication of a "break up" in the Columbia, above Celilo, soon. The weather had moderated very materially, and plenteous showers of rain, with melting snow were causing the river to rise rapidly. We feel assured in stating that freight and passengers can push forward by the commencement of another week. The storms had caused some trouble on the Dalles and Celilo Railroad, by washing out a portion of one of the bridges, which compelled the train to return, which had started out on Thursday morning to connect at Celilo with the Walla Walla Stage.

THE SCHOOL EXHIBITION.—The exhibition of the Portland Academy and Female Seminary, which took place at the M. E. Church last evening was eminently successful. The exercises opened by prayer by Rev. Mr. Stratton, and at the termination of the programme, before the benediction was pronounced, diplomas were presented by Judge E. D. Shattuck to Mr. W. B. Laswell, and Mr. W. T. Wright, who have graduated with honor. The Institution is one of the best on the Pacific coast, and really is a credit to our growing city.

THE GOLD DUST ROBBERY.—Rothkopf, one of the persons implicated in the late gold dust robbery case, on the route from Walla Walla to the Dalles, gave bonds for his appearance at the Circuit Court of Wasco county, upon examination, and then proceeded to this city. Parties followed him yesterday, and he was taken into custody last evening, and confined for his return by the steamer *Wilson G. Hunt* to-day.

TOO BAD.—The *Astoria Marine* has had another engagement with the "b(e)ars." We would not like to infringe upon the vested rights of that paper to enjoy "the pursuit of happiness," but while we admit the *fact* that the steamship *Pacific* was aground in this river on Sunday last, will it be kind enough to tell us how the event occurred? There is a chance reserved for comment on this subject, which may interest Astorians very much.

POLICE MATTERS.—In Recorder's Court yesterday Julien Ladrew, charged with larceny, was bound over for his appearance at the Circuit Court in the sum of $300, and in default of sureties was committed. Benjamin Boynton, for violent and disorderly conduct, paid a fine of $2.50 and costs.

PORTLAND LYRICS.—"The Man About Town" has furnished us with an interesting and very appropriate beginning of a series of Portland Lyrics, which will appear in our next.

THE BELL RINGERS.—Remember the matinee of the Bell Ringers at 2½ P. M. to-day. And this evening will be the last opportunity to witness their entertainments in Portland.

THE COMING STEAMER.—The telegraph informs us that the steamship *Oregon* sailed from San Francisco on yesterday, bound for this port via. Victoria.

MONUMENT TO THE DANES.—A communication from Flensburg has the following: "A huge block of granite, which is to form the funeral monument of the Danes who were killed during the assault on Duppel, was sent thither from this place lately. It is a cube on which is the following inscription: 'Here lie the bodies of two hundred Danes.'"

CHAPPELS . . .—Upon the floor of the north side of the establishment of A. D. Shelby will be found an elegant assortment of Philadelphia heavy grain leather boots, suitable for the season, at three dollars per pair, for five days only.

Notice.—The Rev. . . . Schmidt will preach next Sunday at . . . in the old Presbyterian Church, corner of Third and Morrison streets. All are cordially invited to attend.

When we consider the number of human beings that die with Consumption every year, the importance of a medicine that will cure all Pulmonary affections that tend to this complaint, and even to arrest the destroyer after it has indicated its presence in the system, must be admitted to be beyond all estimate. This wonderful power is claimed to be possessed by ALLEN'S LUNG BALSAM.

"A Slight Cold," Coughs.—Few are aware of the importance of Checking a Cough or "SLIGHT COLD" in its first stage, that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs.—*Brown's Bronchial Troches* gives sure and almost immediate relief. *Military Officers and Soldiers should have them, as they can be carried in the pocket and taken as occasion requires.*
REDINGTON & CO., San Francisco, Agents for the Pacific Coast.

To the Uninformed.—The more prominent symptoms that indicate Consumption are cough and expectoration, loss of appetite, nausea and vomiting, diarrhea, hemoptysis (or bleeding of the lungs) night sweats, hectic fever, debility, and finally, despondency and anxiety. Now, the plain indications are, to combat all these symptoms. How shall it be done? Experience has demonstrated that NEWELL'S PULMONARY SYRUP is the only remedy that can safely be relied upon for that purpose. For sale by all Druggists.

HOSTETTER'S
CELEBRATED
STOMACH BITTERS.
THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.
Invigorate the System.
Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?
Dr. Hostetter's Stomach Bitters
Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.
Strengthen the System.
The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in
Dr. Hostetter's Stomach Bitters.
Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.
A Word to the Aged!
In the decline of life, the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged
Dr. Hostetter's Stomach Bitters.
As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.
For Females:
Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlivens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

Cure Your Cold, Save Your Lungs.
NEWELL'S
PULMONARY SYRUP
HAS
CURED THOUSANDS!
And it will Cure You!
"A Cough is generally the effect of a Cold, which has either been improperly treated or entirely neglected. When it proves obstinate there is
Always reason to fear the consequences,
as this shows a weak state of the lungs, and is often the forerunner of Consumption.—[Buchanan's Domestic Medicine.
STOP THAN COUGHING!
Some of you can't, and we pity you. You have tried every remedy but the one destined, by its intrinsic merit, to supercede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but
NEWELL'S
Pulmonary Syrup!
Is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefited by its surprising curative powers.
WHAT KILLED HIM?
Dr. Hall, in his "Journal of Health," speaking of the death of Washington Irving, asks the above question, and adds: "He might have remained with us for some years to come, had it not been for advice, kindly intended, no doubt, but given in thoughtlessness and reckless ignorance.
He Had a Cold!
Which, by some injudicious prescription, had been converted into asthma." Let me say to Dr. Hall that that "prescription" was not
NEWELL'S PULMONARY SYRUP.
KEEP IT IN THE HOUSE, use it freely, give it to your children upon the slightest indications of a Cold, and you will think and speak of it as all do who have become acquainted with its merits.

A Greenback Case!
HAVING BEEN COMPELLED TO ACCEPT OF Legal Tender Notes at par since the 17th day of December, 1862, for the rent of my handsome Brick Store, corner of Morrison and Front streets, I feel compelled to announce for the benefit of the public at large, that
Jacob Mayer
Leased the building of me on the 17th day of February, 1862, for a term of years, at which time there was no such currency in vogue, and it was understood the terms were CASH. Since the date above stated I have received the depreciated currency regularly, under protest for the rent of the
CITY OF PARIS STORE,
Making less than two-fifths of the real amount said Mayer was to pay. He had secured the building at very advantageous rates, and even were he now to comply with his contract, and pay in COIN, would be getting the best bargain in the city. I make this statement to show the public what kind of a man he must be to take such undue advantage of the times to convert a few dollars to himself by LEGAL SWINDLING. The public can readily see what it costs to have such tenants. G. W. VAUGHN.

Mining Stocks and Mining Interests.

PORTLAND, Friday January 20th, 1865

As capital in this city is becoming more and more invested in mining stocks and increased attention is being manifested towards mining matters generally we deem it important to give a brief description of some of those mining interests, which should it and it is quite probable will be, mostly controlled and managed by our own capitalists

The first Mining Associations organized upon the gold and silver bearing quartz lodes of the Owyhee District were as follows

The Crane and Driggs—Upon 4 400 feet of valuable ground The capital stock is $880,000 00, $200 to the share The mine at present worked is located on the first extension south of the "Oro Fino" The operations are by shaft and drift Very rich rock, with an increased width of ledge encourage continuous work

The Owyhee—This Company's ground chiefly consists of a southern extension on the "Morning Star lode—600 feet, divided into 2 000 shares, $200 a share There is none of the stock on the market

The Morning Star—This organization is upon 444 feet of the lode of that name near the discovery claims divided into 600 shares of $500 each The partial operations of this Company, during a brief period last season, afforded a gratifying result as the rich rock at the mouth of the shaft has testified This stock is also withheld from market.

The foregoing Incorporations it is understood hold 10 ₱ ct of their stock as reserved for mining purposes

The Poorman of Idaho—Is an organization upon the lode of that name together with the [illegible] and "Niagara" The stock is divided into 2 300 shares, $100 each, part of which is held as unassessable This Company intend a vigorous prosecution of affairs in the spring

The Golden Chariot—Is formed upon 1,000 feet of the lode of that name and 1,000 feet in the "Arrigoni" lode —both discovery claims—with 2,000 shares, at $100 each Assessments upon this stock is prohibited at a higher rate than ½ of 1 ₱ cent This Company propose to resume work as early as practicable working the "Chariot" lode by shaft, and the "Arrigoni" by a tunnel, which is already faced up and opens on the road to the "Ainsworth quartz mill about four miles distant

The War Eagle—This Company's ground comprises 2 400 continuous feet running south from and adjoining the discovery claims on the ledge of that name The Capital stock is $240 000 shares $100 each. The certificates of stock are issued with the imprint *unassessable* upon their face as the by-laws reserve a sufficient ₱ cent for defraying all expenses A tunnel has been faced up on the ledge at the southern base of the War Eagle mountain and the Company expect to obtain a plentiful supply of rock with the coming season

The Alabama—Is organized upon 1,400 feet constituting the discovery claims of the lode so named. Its stock is likewise unassessable and consists of 1,400 shares at $100 each. The shaft now is 5 feet down in which the Company design working several drifts in order to procure rock for crushing as early as work may be resumed next season This mine is admirably situated being convenient to mills on either hand Mineral being one mile west, and Moore & Fogus's only a half mile east,

The Ophir of Idaho—Is an incorporation upon the discovery claims of the "Ophir lode—1 400 shares of $100 each—and each share representing a foot The stock is unassessable The rock crushed at Minear's mill, from this mine averaged $73 per ton Very little of this stock is offering in the market The Company are arranging for active operations by tunnel and drifts from shaft Those acquainted with the mine predict that it will take rank superior to its Washoe namesake

The Owyhee Home Ticket—Is an organization on 400 feet of this lode and favorably located, consisting of 800 shares of $100 each The stock is unassessable We have seen none in market as yet A recent test of the rock from this lode by the assayer of the Ophir mine Virginia City gave $2 100 to the ton The most active operations are in contemplation by this Company and what is a full and complete development of their mine

We can but note the [illegible] enterprises with [illegible] the *Fowler Silver Quartz Mill Company* as the capital concerned is from our midst This mill went into operation about the 1st of November last An [illegible] three weeks The rock crushed yielded about $40 [illegible] The mill being a water mill [illegible] weather The water is brought from the main Powder river by a large ditch three [illegible] ing ample power [illegible] present [illegible] add two more [illegible]
